Dear Mr. Shepherd:

Enclosed please find a copy of a mining notice, serial number U-70572, which was received in this office on June 2, 1993. Total disturbed area will be about 1/2 acre at any given time and will consist of removing loose mineralized rubble with a backhoe. Under Bureau of Land Management Regulations, the operator will be free to begin activity 15 days from the date of our receipt of the notice.

If you have any concerns or comments about this notice, please forward them to this office.

Sincerely,

Leroy L. Smalley
Acting Area Manager

Notice to Claimants/Operators:

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 days before commencing operations. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a plan and will notify the claimant/operator of the status of the plan within 30 days of receipt.
2. Approval of a plan of operations does not constitute certification of ownership to any person named as claimant/operator herein, nor does approval constitute recognition of the validity of any mining claims named herein.
3. Information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately by the BLM and will not be available for public inspection.
4. Failure of an operator to file a notice under 3809.1-3 or a plan of operations under 3809.1-4 will subject the operator, at the discretion of the authorized officer, to being served a notice of non-compliance or enjoined from the continuation of such operations by a court order until such time as a plan or notice is filed with the authorized officer.
